

LiftMate TNV 1500 Heavy Duty Rough Terrain Pallet Truck

Capacity: 1500kg

The *LiftMate Rough Terrain Hand Pallet Truck* is part of our lifting and moving equipment range designed for applications such as builders' yards, garden centres, farm and equestrian applications.

It is used out on site where no ordinary pallet truck can go and/or forklifts are not allowed (eg rooftops). Thanks to its large wheels and straddle forks arrangement it can be used for any type of pallet up to approx 1200 x 1200mm on uneven ground.

- **Transports loads on uneven ground**
- **Strong & light tubular steel framing**
- **Little maintenance required**
- **Great manoeuvrability**
- **Hydraulic fork lift with inbuilt hand pump**
- **Adjustable width over forks**
- **Driving axle on self-lubricating bearings**
- **Wheels fitted onto sealed bearings**
- **Pneumatic tyres**
- **Easy handling**

Technical Specifications
